# Transition to Work

Information for Job Seekers

## Supporting you on your working journey

**Are you ready to find your independence, land your dream job or commence your career through work or study? We can help!**

Are you finding it hard to learn at school? Are you struggling to connect with your teachers and peers? We can help!

Transition to Work will help you to work towards your goals, be it either study or work. Transition to Work staff are there to build your skills and confidence and prepare you for work or study.

Support is provided one-on-one with a Youth Transition Worker who will assist you with every part of your journey.

**We offer a range of training, services and support to get you ready!**

Transition to Work has a strong focus on helping young people to understand what is expected in the workplace and to develop the skills, attitudes and behaviours expected by employers.

**We will help you:**

- Develop practical skills to get a job
- Connect with education or training
- Find and participate in work experience opportunities
- Identify employment opportunities in the local area
- Connect with relevant local community services
